TALK ABOUT THE SCRIPTURE

Have you ever heard the phrase, “Moms have eyes in the back of their head”? The saying is meant to remind kids that Mom sees all and knows all! Of course, they don’t really have eyes back there, but a mom knows her child well enough to know when something bad might happen to them or when they might be doing something bad!

The reason a mom knows so much of what’s going on is because she loves her child, pays special attention to her child, and she wants what is best for her child. This is just a glimpse of how much God loves His children! David’s psalm reminds us that God knows when we sit down, stand up, and everything we think or do. He sees all and knows all because He loves His children and wants what is best for them.

It is amazing to think how much God loves us, and He wants us to show that same love to others. When a person loves their neighbor, a parent loves their child, or a brother shows love to his sister, the world sees a glimpse of the love God has for them. We want to keep loving others so they can see how much God loves them and wants to save them through Jesus.

Every person matters. God created us and cares for us. He sent His Son, Jesus, to save us from our sins. As we love and follow God, He calls us to love others and show respect to everyone.

***Pray:** Lord, You know everything about us. You love us and care for us all the days of our lives. You created us in a wonderful way for a wonderful purpose, so please help us to know You and to walk in the plan You have for us.*

Family Prayer Time

Mornings

Ask God to show you who needs love and encouragement today. Be on the lookout for people you encounter and how you can show God's love to them. How does showing love to others help them know God? How does loving them remind you of how much God loves you?

Evenings

Praise God for the wonderful way He created you. He knew you before you were born and made plans for your life. Ask Him to help you fulfill the purpose He has for you. How does it feel to know that God made you just the way He wanted you to be? How does this change the way you look at yourself and others?

Family Activities

For Fun

Look at photos of each family member when they were babies or young kids. Talk about how they've changed or how some features might still be similar, like hair color or dimples. Read Psalm 139 together. Remind kids of how God has created them in a wonderful way. Tell your child that God has a purpose for their life and wants to have a relationship with them.

To Serve

Parents, start a love challenge for your family next week. Give heart cutouts to kids each time you catch them showing love to others. After they receive a heart, encourage kids to be looking for others showing love and pass the heart on to them. Keep passing out hearts until the challenge is over.
